2. On going through the applications filed by you it comes out that you are not interested in seeking information relevant to some specific point of public interest. Rather you have sought information with respect to almost each and every aspect of working of the department and that too, in a manner as if you have to ensure overall effective supervision of the working of the department. The **Eleven applications** listed above cover a variety of issues concerning the functioning of the department. The manner in which the information has been sought indicates as if you are either interested in ensuring that the department is functioning and managing its affairs with regard to different aspects of working effectively or trying to collect and collate information for doing an exhaustive research on the working of the department. The RTI Act mandates obtaining of information of public interest from a public authority which is otherwise not available to the person interested in obtaining such information. The objective is to ensure that information of public interest is suitably disclosed in public interest. But this does not mean that detailed information with regard to each and every aspect of the working of the public authority has to be collected, tabulated and provided to you. Such an exercise to provide the desired information would result in the human resources of the department having to be devoted to consult almost each and every file to prepare the information. Certainly that has not been the objective of the RTI Act. If you are interested in getting information with any specific matter you may obtain such information or you may visit the office of the public authority to inspect the relevant file to ascertain as to what documents or which information you want to obtain in public interest.

3. Going by the large number of applications filed by you and the magnitude of the information sought therein it is certain that preparation of such information will negatively affect the useful time and functioning of department. Any effort at providing the information related to the entire scope of working of the department in response to the innumerable applications is bound to result in wastage of precious time of the work force. Certainly it would result in disproportionately diverting the human resources of the department which is also objected to by section 7(9) of the Right to Information Act.

4. The magnitude of information sought indicates that public interest is lacking in all the instant applications. While deciding the Writ Petition No. 7976/2020 vide judgment dated 12.01.2021, Hon'ble Delhi High Court has laid down a principle which is relevant to the instant applications. The Hon'ble Court observed thus: "this court is of opinion that whenever information is sought under the RTI Act, the disclosure of interest in the information sought would be necessary". The instant applications lack the disclosure of public interest especially when seen in the light of the aspects covered and the magnitude of information sought.

5. It would be relevant to quote the following paragraph from the judgment dated 09.08.2011 of Hon'ble Supreme Court in Civil Appeal No. 6454/2011 titled Central Board of Secondary Education & Anr. Vs Aditya Bandopadhyay & Ors.:-

"Indiscriminate and impractical demands or directions under RTI Act for disclosure of all and sundry information (unrelated to transparency and accountability in the functioning of public authorities and eradication of corruption) would be counter-productive as it will adversely affect the efficiency of the administration and result in the executive getting bogged down with the non-productive work of collecting and furnishing information. The Act should not be allowed to be misused or abused, to become a tool to obstruct the national development and integration, or to destroy the peace, tranquility and harmony among its citizens. Nor should it be converted into a tool of oppression or intimidation of honest officials striving to do their duty. The nation does not want a scenario where 75% of the staff of public authorities spends 75% of their time in collecting and furnishing information to applicants instead of discharging their regular duties. The threat of penalties under the RTI Act and the pressure of the authorities under the RTI Act should not lead to employees of a public authorities prioritizing information furnishing, at the cost of their normal and regular duties."

6. Many applications submitted by you under the Right to Information Act, 2005 at earlier points of time have already been disposed but the flow of applications continues unabated. The nature and magnitude of information sought would indicate that indiscriminate and impractical demands have been made for disclosure of a vast variety of information. None of the applications involves information related to a specific case or a specific file. Hence, the information cannot be provided without diverting a large pool of manpower for collecting and providing the information at the cost of discharging their regular duties. Therefore, the instant applications are covered by the judgment of Hon'ble Supreme Court.

7. Keeping in view the pronouncements of Hon'ble Delhi High Court and Hon'ble Supreme Court as referred to above and the provisions of the RTI Act including the principle of disclosure of public interest, all the instant applications filed by you are hereby rejected.

8. If you are not satisfied with above reply, you may prefer an appeal against the reply within 30 days of receipt of this reply to The Appellate Authority and Additional

2. Being aggrieved with the response given by the respondent, he filed a complaint u/Section 18 of the RTI Act before the Commission requesting to take appropriate legal action against the CPIO u/Section 20 of the RTI Act.

Hearing:

3. The complainant attended the hearing through audio-conferencing along with his representative Shri Luvkesh Sahni. The respondent, Shri Sumir Chawla, Dy. Chief Manager (HR) & CPIO attended the hearing through audio-conferencing.

4. The respondent submitted their written submissions dated 20.08.2020 and the same has been taken on record.

5. The representative of the complainant submitted that the respondent has given evasive and misleading reply to the complainant on his RTI application dated 08.01.2019. The representative of the complainant further submitted that specific information has been sought by him in his RTI application. Further, there is a delay in giving reply by the respondent. The respondent has wrongly submitted that the RTI application of the complainant is repetitive and slightly altered. The complainant further objected that the respondent has given same reply on his 18 RTI application despite the fact that the queries in all his RTI applications are different. The complainant further submitted that he has not received written submissions of the respondent.

6. The respondent submitted that vide their common reply dated 22.02.2019, they have informed the complainant that the information sought by him is related to commercial in nature and related to trade secrets of the company. The respondent further apprised that the complainant has filed 47 RTI applications till date and one common reply was given on 18 RTI applications being the subject-matter is similar in nature. The respondent further submitted that the complainant has not filed first appeal before the FAA. On this, the representative of the complainant submitted that the complainant has duly filed the first appeal before the FAA. On query from the Commission that as to why same reply was given to the applicant on all his RTI application. On this, the respondent was apologetic for not giving meticulous reply to the applicant. The respondent submitted that in his written submissions he has submitted that the queries of the complainant are commercial in nature and related to trade secrets of the company.

Decision:

7. The Commission, after hearing the submissions of both the parties and after perusal of records, observes that the complainant was aggrieved with the response given by the respondent on his RTI application dated 08.01.2019. The respondent contended that the complainant had filed 47 RTI applications and out of those 47 applications 18 RTIs are of similar nature and therefore a common reply dated 22.02.2019 was sent to the complainant.

8. The Commission observed that the complainant has sought information on six points and the query of the complainant is in the nature of seeking explanation/opinion/advice from the CPIO viz.

"Whether negotiation meetings of detailed project report of In-Principle National Highway being executed by Business Development Rail and Road Department of WAPCOS Ltd. in the state of Rajasthan with PWD Rajasthan. (a.) If yes, provide the details of meetings dates, name of the key persons who attended the meeting and those who did not attend the meetings; (b.) If no, provide the documents/undertaking/certificate submitted by WAPCOS Ltd. in the process of signing the contract agreement and for the period between the date of issue of LOI and date of signing the contract agreement, etc." and the CPIO is not supposed to create information; or to interpret information; or or to furnish clarification to the appellant under the ambit of the RTI Act. As per Section 2(f) of the RTI Act, the reasons/opinions/advices can only be provided to the applicants if it is available on record of the public authority. The CPIO cannot create information in the manner as sought by the appellant. The CPIO is only a communicator of information based on the records held in the office and hence, he cannot be expected to do research work to deduce anything from the material therein and then supply it to him.

9. In this regard, the Commission referred to the definition of information u/s Section 2(f) of the RTI Act, 2005 which is reproduced below:

"information" means any material in any form, including records, documents, memos, e-mails, opinions, advices, press releases, circulars, orders, logbooks, contracts, report, papers, samples, models, data material held in any electronic form and information relating to any private body which can be accessed by a public authority under any other law for the time being in force."

In this context a reference was made to the Hon'ble Supreme Court decision in 2011 (8) SCC 497 (CBSE and Anr. Vs. Aditya Bandopadhyay and Ors), wherein it was held as under:

35 "A Public Authority is also not required to furnish information which require drawing of inferences and/or making assumptions. It is also not required to provide 'advice' or 'opinion' to an applicant, nor required to obtain and furnish any 'opinion' or 'advice' to an applicant. The reference to 'opinion' or 'advice' in the definition of 'information' in section 2(f) of the Act, only refers to such material available in the records of the public authority. Many public authorities have, as a public relation exercise, provide advice, guidance and opinion to the citizens. But that is purely voluntary and should not be confused with any obligation under the RTI Act."

Furthermore, the Hon'ble Supreme Court of India in Khanapuram Gandaiah Vs. Administrative Officer and Ors. Special Leave Petition (Civil) No.34868 OF 2009 (Decided on January 4, 2010) had held as under:

6. "...Under the RTI Act "information" is defined under Section 2(f) which provides:

"information" means any material in any form, including records, documents, memos, e-mails, opinions, advices, press releases, circulars, orders, logbooks, contracts, report, papers, samples, models, data material held in any electronic form

and information relating to any private body which can be accessed by a public authority under any other law for the time being in force." This definition shows that an applicant under Section 6 of the RTI Act can get any information which is already in existence and accessible to the public authority under law. Of course, under the RTI Act an applicant is entitled to get copy of the opinions, advices, circulars, orders, etc., but he cannot ask for any information as to why such opinions, advices, circulars, orders, etc. have been passed."

7. "...the Public Information Officer is not supposed to have any material which is not before him; or any information he could have obtained under law. Under Section 6 of the RTI Act, an applicant is entitled to get only such information which can be accessed by the "public authority" under any other law for the time being in force. The answers sought by the petitioner in the application could not have been with the public authority nor could he have had access to this information and Respondent No. 4 was not obliged to give any reasons as to why he had taken such a decision in the matter which was before him."

Similarly, the High Court of Bombay in *Dr. Celsa Pinto, Ex-Officio Joint Secretary (School Education) vs The Goa State Information Commission* on 3 April, 2008 (2008 (110) Bom L R 1238) had held as under:

"Section 2(f) -Information means any material in any form, including records, documents, memos e-mails, opinions, advices, press releases, circulars, orders, logbooks, contracts, reports, papers, samples, models, data material held in any electronic form and information relating to any private body which can be accessed by a public authority under any other law for the time being in force; The definition cannot include within its fold answers to the question why which would be the same thing as asking the reason for a justification for a particular thing. The Public Information Authorities cannot expect to communicate to the citizen the reason why a certain thing was done or not done in the sense of a justification because the citizen makes a requisition about information. Justifications are matter within the domain of adjudicating authorities and cannot properly be classified as information." The definition cannot include within its fold answers to the question why which would be the same thing as asking the reason for a justification for a particular thing. The Public Information Authorities cannot expect to communicate to the citizen the reason why a certain thing was done or not done in the sense of a justification because the citizen makes a requisition about information. Justifications are matter within the domain of adjudicating authorities and cannot properly be classified as information."

10. The Commission is of the view that even if the complainant had filed 47 RTI applications but it is the duty of the CPIO under the provisions of the RTI Act to deal each application separately and give reply/information to the RTI applicants after proper application of mind. The Commission has perused the reply given by the CPIO vide letter dated 22.02.2019 wherein a common reply was given

to the applicant which covered his 18 RTI requests. Out of those 18 RTI requests, only 4 complaints are listed today for hearing before the Commission and the queries in all the 4 cases are different. Further, the reply dated 22.02.2019 of the CPIO and the written submissions filed by him, they have informed the complainant that the information sought by him is commercial in nature and related to trade secrets of the company. But the respondent has not invoked any specific exemption clause in denying the information to the complainant. Further, the respondent during the hearing was apologetic for not being meticulous in giving replies to the applicant.

11. The Commission observed that the respondent has not dealt the RTI applications of the complainant properly at the said period of time and has given replies without application of mind, therefore, the Commission is constrained to issue a strict warning to the CPIO to be more meticulous in future in giving replies/information to the RTI applicants and should give replies within stipulated period of time as per the provisions of the RTI Act. Since, there is no malafide intention of the respondent is observed, no case of penalty has been made out. The Commission further relies upon the ruling of Hon'ble Delhi High Court in W.P.(C) 11271/2009 Registrar of Companies & Ors v. Dharmendra Kumar Garg & Anr. (delivered on: 01.06.2012) wherein it was held:

" 61. Even if it were to be assumed for the sake of argument, that the view taken by the learned Central Information Commissioner in the impugned order was correct, and that the PIOs were obliged to provide the information, which was otherwise retrievable by the querist by resort to Section 610 of the Companies Act, it could not be said that the information had been withheld malafide or deliberately without any reasonable cause. It can happen that the PIO may genuinely and bonafidely entertain the belief and hold the view that the information sought by the querist cannot be provided for one or the other reasons. Merely because the CIC eventually finds that the view taken by the PIO was not correct, it cannot automatically lead to issuance of a showcause notice under Section 20 of the RTI Act and the imposition of penalty. The legislature has cautiously provided that only in cases of malafides or unreasonable conduct, i.e., where the PIO, without reasonable cause refuses to receive the application, or provide the information, or knowingly gives incorrect, incomplete or misleading information or destroys the information, that the personal penalty on the PIO can be imposed. This was certainly not one such case. If the CIC starts imposing penalty on the PIOs in every other case, without any justification, it would instill a sense of constant apprehension in those functioning as PIOs in the public authorities, and would put undue pressure on them. They would not be able to fulfil their statutory duties under the RTI Act with an independent mind and with objectivity. Such consequences would not auger well for the future development and growth of the regime that the RTI Act seeks to bring in, and may lead to skewed and imbalanced decisions by the PIOs Appellate Authorities and the CIC. It may even lead to unreasonable and absurd orders and bring the institutions created by the RTI Act in disrepute."

12. Further, the Commission cannot give direction for disclosure of information at this stage because the complainant has filed a complaint under Section 18 of the RTI Act. If the complainant wishes to

get the information then he could have filed second appeal before the Commission.

13. The respondent is advised to share their written submissions dated 20.08.2020 with the complainant. No further intervention of the Commission is required in the matter.

14. With the above observations, the complaint is disposed of.

15. Copy of the decision be provided free of cost to the parties.
